Dimensions

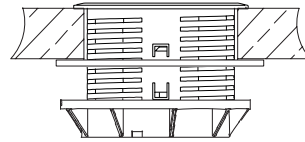

Installation

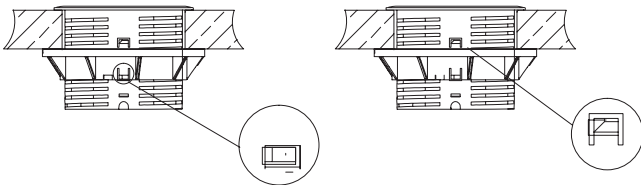

1. Cut a diameter 80mm/3.15inch hole into the table's surface under the size and shape shown.

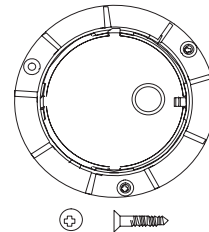

2. Insert the unit into table cutout and adjust the position.

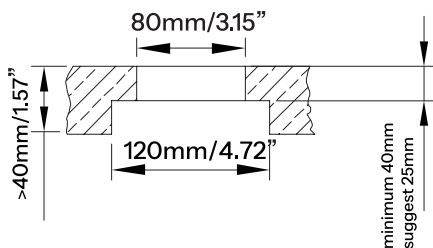

3. Put the rubber ring on the locking ring, and screw the locking ring to 25mm/0.98inch or 18mm/0.71inch thickness locking it automatically.

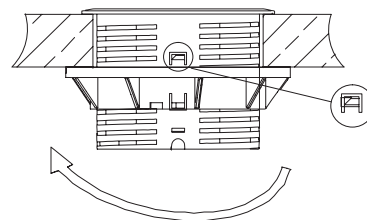

4. If table thickness not standard 18mm/0.71inch or 25mm/0.98inch, use M3*10 screws to fix under the table.

5. If table thickness >40mm/1.57inch, make concave surface at the bottom of table.

7. When disassemble this product, engage the lower end of the ring with a flat blade screwdriver and screw the ring in reverse.

Technical data

Product name	Desktop 4
Model number	7014/7015
Type	Tabletop socket
Material	ABS fireproofing plastic
Color	White/Black
Interface	Input: AC 100-240V 50/60Hz 1.5A Max
	Output:
	USB-A: 5V4A/9V3A/12V2.5A/20V1.5A(30W Max)
	USB-C: 5V3A/9V3A/12V2.5A/15V2A/20V1.5A(30W Max)
	USB-A +USB-C total 5V3A(15W Max)
Power Cord	1m/3.28ft
Working temperature	0 - 50 (no condensation)
Grounding	Standard Grounding
Rated Voltage / Current	100-240V/16A 50-60HZ
Panel Size	Dia 90mm/3.54inch
Cutout Size	Dia 80mm/3.15inch
Net Weight	0.34kg/0.75lb
Table Thickness	maximum 40mm/1.57inch
Certificate	CE/RoHS/CCC
Applications	office/conference room/lecture hall/hotels/hospital

Safety cautions

- Keep the product away from the reach of children.
 - Please read this manual carefully before your using.
 - Unauthorized personnel shall not open the unit as there are high-voltage components inside; Qualified personnel must perform all devices.
 - The maximum power of power supply is 3500W.
 - Keep dry, ventilated and keep away from humid, dust, and heat.
